

4-23-20 Master Rally – Week 5

If you're having problems following these Facebook classes, they are also posted on my web page here: <http://www.k9rally.com/>.

Please view the following link for more information about these classes. <http://www.k9rally.com/index.htm>

Here is a link to current sign descriptions. <http://www.k9rally.com/.../FlipSigns%20-%202020Jan%20-%20Desc...>
SPECIAL CORONAVIRUS RALLY MASTER CLASS WEEK 4 – 4-23-20.

This week's Master Course: <http://www.k9rally.com/Documents/2020Apr23-Master5-CB10.pdf>

Master signs we've covered in 5 weeks: -301-302-303-304+ -305-307-309-310-311-312-313-314-315-316-319-321-322

New Master signs today are 306, 317, 320

Tips:

306. HALT - Send Away Sit - Return - Follow Arrow Fwd -AKC Video: <https://www.youtube.com/watch?v=TeCPCyigaCw>

There are 3 Send Away signs in the Master class. This one is designed for an about turn on a course. You will be Halting at the sign and the dog will Sit. You will then stay there while sending your dog to a pylon 6' away where he must stop and sit somewhere near that pylon. Now it's the dog's turn to stay while the Handler (you) returns to heel position. Handler may go directly to heel or walk around behind the dog to heel position. Your dog probably will not be sitting squarely, and that's ok. But it would behoove you to return to the heel position in the direction the dog is facing. Once in heel position, pause before heeling forward in the direction of the arrow (the arrow will be facing you from behind the sign. Training for sending your dog to a cone: If you've taught your dog to go around a cone (<https://www.youtube.com/watch?v=XUeX4gjxys>) then you can then teach your dog to sit when it gets to the cone. OR if your dog is magnetized to a platform (<https://www.youtube.com/watch?v=LNgFrQIKUxw>) you can set a platform next to a cone to give your dog a place to go. The platform can eventually get phased out and the cone will still be there as a marker for your dog.

317. HALT - Leave - Recall - Finish Right – Sit – AKC Video: <https://www.youtube.com/watch?v=ZP2xEvSyU0I>

This is a 15 ft. recall. The dog will stay, handler will leave; handler will call dog to front; dog will finish to LEFT and sit. If your dog is unable to stay as you walk away 15 ft., getting him magnetized to a platform would help to give him a good understanding of the stay. <https://www.youtube.com/watch?v=LNgFrQIKUxw>

320. Side by Side 360°Left Circle – AKC Video Version 1: <https://www.youtube.com/watch?v=gewWFDg9irA>

AKC Video Version 2: <https://www.youtube.com/watch?v=UPN5SgIC11Y>

AKC Video Version 3: <https://www.youtube.com/watch?v=av0KERXuyCg>

AKC Video Version 4: <https://www.youtube.com/watch?v=QJZGmC6SB1w>

It is easier if the handler gets the dog to commit to the spin before the handler commits. Similar to Versions 3 & 4.

HAVE FUN and Enjoy!

Hope you are all managing well during our Sheltering!

Again, feel free to contact me with any questions!
